Establishment of the Private Secy & Asst Private Secretary to H.H. the Maharaja

A draft embodying the Proposals of Mr. Macnoche and making such alterations as the previous orders and the C.S. Repts suggest is put up.

Mr. Raghavendra Rau has sent a d.o. letter asking for a small menial Establishment. This is less than that allowed for an Asst

Commissioner and may be allowed. But the proposal has not come officially through the Private Secretary. May this establishment also so be included? I have also put in an alternative separate draft. I am not sure if the matter requires to go before the Council. There is no increase of establishment to any substantial extent.

Dear Mr Ranjundayya.

I now write today that you will kindly have the necessary proceedings made out as soon as you can. My present staff consists of two orderlies on Rs 6/- each p. m and what I propose

leaving

1 Daffadar @ Rs8/-
2 Delayti .. Rs7/-
1 Mashalchi .. Rs6/-

Total Rs28/- p.m.

This, if I am not mistaken, is the Staff of Peons sanctioned @ Rs54/-. Commissioners, and I beg to submit that I have not yet received any reply to my request. The Establishment may be sanctioned, please, with effect from the 9th Instant. I have not yet drawn the salaries of my present peons for last month, pending orders in this matter. I shall be obliged by y

having the necessary sanction accorded early.

Yours sincerely
P. Maharshi

Serial No. 1

To

The Secretary to the Government of Mysore,
General and Revenue Departments,
M y s o r e .

Sir,

I am directed to invite attention to the desirability of placing of the Establishment of the Private Secretary's Office on a regular footing.

2. It is desirable in the first place to decide whether the cost should be debited as a whole to State funds or the Palace Civil list, or distributed between the two. As regards my own pay and allowances they would seem properly debitable to the State. The whole object of employing an expensive Private Secretary is that His Highness should receive trained assistance in the disposal of official work. Any assistance that I may be permitted to give His Highness in connection with private and palace business is purely incidental, and there is no reason why the Palace should be charged Rs.25,500 per annum for the performance of duties which are solely connected with the general administration of the State. The same remarks apply to the Shirastadar Mr. Venkata Subbiah and my personal menial establishment taken over from the Governor and Tutor. As regards Messrs Raghavendra Rao and Singaracher the case is different. Their main duties relate to His Highness' personal affairs and their pay is properly

a palace charge. Their pay should however be drawn from the District Treasury (for reasons which will be apparent from the next para) as at present, the necessary adjustment being made with the Palace subsequently.

3. I append a statement showing the establishment and cost. As regards Mr. Singrachar, his pay has hitherto been Rs.60. It is proposed with His Highness' approval to increase it to Rs.75 and give him the designation and status of Shirastadar. As the office is a double one, official and personal, no inconvenience will be caused by this arrangement.

H. Venkata Subbiah, Shirastadar, is borne on the strength of the Dewan's office. This seems unnecessary and I am to suggest that the Private Secretary's office should be recognised as an ordinary Department of the State and the members of it treated as members of any other Department, subject to the rules and entitled to the privileges of the Mysore Service Regulations. Thus Messrs Raghavendra Rao and Singrachar would be Government servants, and the amount of their pay and allowances would be received from the Palace as the Palace contribution towards the cost of the Private Secretary's office. There can it is thought be no account objection to this arrangement and it will secure in a measure the future of the members of the Establishment which is most desirable if a high standard of efficiency is to be maintained. The Establishment would in one respect be in a different position to that of other Departments as His Highness the Maharaja necessarily would control it without reference to Government except as concerns the pay of those members the cost of whose appointment is defrayed from State Funds. But there is no reason why this should cause any practical inconvenience.

The sanctioned scale for menial establishment for the Governor and Tutor's office is Rs.44. At present only Rs.38 is spent, but I would request that the sanctioned scale may

be permitted to remain unaltered, as I propose to promote the senior peon to the rank of Duffedar on Rs.10, and under a promise given to the men by Mr. Fraser, to increase the pay of the others by as.8 as a personal grant. If the sanctioned scale is retained as at present I shall be able, to make arrangements of this sort without troubling Government.

4. As regards contingencies it is proposed with His Highness' approval to provide them from Palace funds, this arrangement being in every respect convenient.

5. Travelling Allowance bills should be countersigned by me, if there is no objection. As to my own Travelling Allowance bills the Dewan has kindly consented to countersign them for me. But this may as well be officially on record.

I am to request that if these proposals are accepted a draft proceedings of Government may be submitted for His Highness' approval.

I have the honour to be,

Sir,

Your most obedient servant,

E Macomrie
